

### **Advice to Students Selecting Elective Courses**

The faculty recommends that you consider enrolling in elective courses that cover subjects tested on the bar exam(s) you intend to take. Some bar subjects are more heavily tested than others on particular bar exams, so be sure to consult relevant state bar websites and Brittany Raposa, Associate Director of Bar Support, for further details. For student convenience, elective subjects tested on the Uniform Bar Exams are noted on the course registration materials with a U. The Uniform Bar Exam is used in Rhode Island, Massachusetts, New York, New Jersey, and Connecticut. Those subjects are also commonly tested on other states' bar exams.

The faculty recommends that you consider taking Administrative Law and Business Organizations because these courses are important to a general legal education and have broad applicability across a variety of practice areas.

To choose classes that will give you a strong foundation in a practice field you may wish to enter, please review the Curricular Tracks posted on the law school website.
