Once you have downloaded the Examplify Software you should take a mock exam. Please take a mock exam at least one week prior to your first scheduled exam. Completing a mock exam will help identify any computer issues prior to exam day and will ensure that you are familiar with the exam software and its features.

**Question 1:** Multiple Choice Practice Question

**Question 2:** Multiple Choice Practice Question

**Question 3:** Essay Question

Examplify has several features including Word Count and Character Count. To see word count click the Icon to the right of *Essay Answer*, located at the bottom of the answer box. For this question type into the answer box and then locate the Word Count and the Character Count.

To close and submit your exam, choose:

- Exam Controls
- Submit Exam
- Close Exam
- Check the Submit Exam Box
